

How to...

Use these sheets to help with **SPaG challenge G1**

Use Subject-Specific Vocabulary

Each subject has a range of specific words that are important to learn. These are words that will be used throughout a study of this subject. You should be able to spell and use these words fluently.

Have a go...

A large range of subject specific technical terminology is shown below.

1. Look through the list and use spelling strategies (for more on these look at the sheet to accompany **SPaG challenge R1**) to make sure you know how to spell any tricky words.
2. Then produce with a definition for each word.
3. Put each word into a sentence which is relevant and appropriate to the subject it is taken from. Remember for **G1** you should be using these words **adeptly** and **with precision**.
