

Dear applicant,

I hope that this letter finds you well in these difficult times.

We thought that we would write to you to reassure you in these uncertain times. Our offers to you still stand and if you have any issues or queries, then please still get in touch. We are still here to help you. When the guidance regarding your exam results is clearer, we will be in touch again. Induction day is still planned to go ahead on July 2<sup>nd</sup> but that will obviously be subject to change.

Above all, please stay safe and follow guidelines, we will be in contact regularly and if you have any concerns regarding next year, we will be here to answer them.

Best wishes,

John Alexander
